Introduction

1. In response to the note of the Secretary-General of UNCTAD dated 23 November 1973 requesting preference-giving countries to provide information on the operation of their respective schemes of generalized system of preferences, the Government of Sweden has provided information on various categories of imports of products covered by its scheme for the period 1988-1991. 1/ A summary of this information is given below and the data on Swedish imports from beneficiaries is presented in table 1 of the annex. Table 2 gives the value of imports from the world of major products covered by the scheme and the total of preferential imports from all beneficiaries as well as from major beneficiary suppliers of these products. 2/

Imports by Sweden from beneficiary suppliers, 1988, 1989, 1990, 1991.

2. Table 1 also shows, for all and individual groups of beneficiaries (Part A) as well as for each individual beneficiary (Part B) total, MFN dutiable, covered and preferential imports of products falling within HS chapters 1-24, 25-97 and 1-97.

3. Sweden recorded imports in 1988, 1989, 1990 and 1991, respectively, from 139, 137, 138 and 139 countries or territories recognized as beneficiaries of its scheme. Of these beneficiaries, 127 in 1988, 126 in 1989, 122 in 1990 and 125 in 1991 supplied goods covered by the scheme, of which 80 in 1988 and 1989, 74 in 1990 and 79 in 1991 received preferential treatment. Swedish imports from beneficiaries in 1991 amounted to $4,766 million of which $2,715 million, or 57 per cent, were MFN dutiable products. Some $1,532 million or 56.4 per cent of these dutiable products were covered by the scheme, while 66.4 per cent of covered products ($1,047 million) actually received preferential treatment. Similarly, imports which were granted GSP treatment in 1988 accounted for 66.3 per cent ($669 million) of those covered by the scheme ($1,057 million, while the covered imports amounted to 55.3 per cent of dutiable imports ($1,910 million). Despite the rough stability of the rate of utilization as well as the rate of covered imports, these two rates are higher than the average rate in the case of all OECD preference-giving countries. Between 1988 and 1991, the annual average rate of preferential imports increased by 15 per cent while that of covered imports increased by 14.2 per cent, dutiable imports by 12.4 per cent and all imports by 11 per cent. These rates denote, on the one hand, a slight improvement in the product coverage and, on the other hand, the positive results of efforts undertaken by beneficiaries in export product diversification and, especially, a better utilization by them of the Swedish GSP scheme.

4. As can be seen in table 1, the annual fluctuations in the ratios of both covered imports to dutiable imports and preferential imports to covered imports (i.e. the utilization ratio) did not affect significantly the overall rate of utilization of the schemes, which represented more than two-thirds of covered imports in each year.

5. More than 80 per cent of covered imports from all beneficiaries in 1988, 1989, 1990 and 1991 were accounted for, respectively, by the same eight major beneficiaries (MS). In 1991, ranked by order of the value of their covered

imports, the major suppliers were: China, Republic of Korea, Hong Kong, Singapore, the former Yugoslavia, Malaysia, Brazil and Thailand.

6. Dutiable Swedish imports from 36 least developed countries (LDCs) in 1988, 35 in 1989, 29 in 1990 and 34 in 1991 attained a value of $22 million, $18 million, $26 million and $19 million, respectively. These dutiable products were mostly covered by the Swedish GSP scheme. 3/ Fourteen LDCs received preferential treatment in 1988, 16 in 1989, nine in 1990 and 12 in 1991. Ranked by order of their imports receiving GSP treatment, the LDC beneficiaries were, in 1991: Bangladesh ($4,516,000); Tanzania ($272,000); Lesotho ($256,000); Nepal ($109,000); Liberia ($75,000); Haiti, Myanmar ($31,000 each); Ethiopia ($30,000); Burkina Faso ($22,000); Guinea-Bissau ($13,000); Botswana ($3,000); and Afghanistan ($1,000). Bangladesh alone accounted for 58.4 per cent in 1988, 68.8 per cent in 1989, 76.1 per cent in 1990 and 84.3 per cent in 1991 of total preferential imports from all LDCs.

7. Swedish imports of products covered by its scheme from Mediterranean (MED) and ACP countries, which enjoy special preferences in the EEC market, amounted to $54 million in 1988, $63 million in 1989, $75 million in 1990 and $91 million in 1991. During 1991, these two groups of countries supplied 5.3 per cent of products eligible for preferential treatment under the scheme and 5.8 per cent of total imports which actually received preferential treatment.

Swedish imports of major products under the Swedish scheme in 1991 and major beneficiary suppliers

8. Table 2 shows the value of Swedish imports in 1991 of major products under its scheme from the world, all beneficiary suppliers and individual major suppliers, as well as the value of these products which effectively received preferential treatment. Imports from beneficiaries of major products, defined at the Swedish tariff line level, covered by the scheme in 1991, were recorded under 529 tariff lines, of which 17 items were agricultural products and 512 items industrial products. Imports of these major products from beneficiaries amounted to $1,226 million or 80.1 per cent of the total imports covered ($1,532 million). Of these imports 67.4 per cent received preferential treatment.

9. Some 22 major products, the covered imports of which were valued at $10 million or more, accounted for 32.8 per cent of the covered imports of the 529 major products in 1991. They were (value of covered imports expressed in millions of dollars): Swedish tariff line 95.03.900 Other toys (33.1); 42.02.120 Trunks, suitcases ... with outer surface of plastics or textile materials (27.3); 85.27.110 Reception apparatus for radio-telephony ... combined with sound recording ... without an external source of power (26.4); 85.17.100 Telephone sets (24.9); 67.02.900 Artificial flowers of materials other than plastics (23.7); 85.42.110 Monolithic integrated circuits, digital (22.9); 85.27.310 Other radio-broadcast receivers combined with sound recording (22); 84.75.920 Automatic data processing, imput or output units (19.6); 84.73.300 (Parts and accessories of the machines of heading No. 84.71 (19.6); 85.16.500 Microwave ovens (18.1); 94.01.610 Other seats (16.5); 91.02.110 Watches with mechanical display only (16.3);

85.27.210 Reception apparatus for radio-telephony combined with sound recording ... with an external source of power (15.8); 29.01.210 Ethylene (15.8); 87.08.999 Other parts and accessories of motor vehicles, other (15.4); 84.08.200 Engines of a kind used for the propulsion of vehicles of chapter 87 (14.9); 95.03.410 Stuffed toys (13.4); 39.01.100 Polyethylene having a specific gravity of less than 0.94 (c) (12.8); 87.03.230 Other vehicles of a cyclinder capacity exceeding 1500 cc but not exceeding 3000 cc (11.7); 42.02.920 Articles of a kind carried in the pocket ... with outer surfaces of plastic sheeting or of textile materials (11.3); 42.05.000 Other articles of leather (10.4); 15.11.902 Other palm oil concrete fractions (10.1).

Notes

1/ The detailed information has been supplied on computer tapes.

2/ For information for 1973 to 1976, 1977, 1978, 1980-1981 and 1982-1986, see, respectively, TD/B/C.5/30/Add.8, 18, 22 and TD/B/C.5/PREF/3, 21 and 22.

3/ Sweden grants preferences to all LDCs recognized by the United Nations General Assembly. In the present analysis only actual beneficiary LDCs (up to 1991) have been taken into account. Therefore imports from Cambodia, Madagascar, Solomon Islands, Zambia and Zaire were not taken into account in imports from LDCs into Sweden.
